Is there any other information that you feel would have been useful prior to September that was not shared at the welcome meeting?
Number of PE days, ie. Coming into school in kit wouldn't have bought as much uniform
Parents WhatsApp could have been set up before term
No I thought it was very comprehensive and informative
There was lots of information to take on board during the meeting. I have subsequently found that PowerPoint on the school website but it would be helpful to signpost that so it can be referred to on the run up to the start of term.

The staggered start helped prepare my child for being in Reception full time

Is there anything else you wish to share with us (what has worked well and areas to consider) regarding the transition process and how your child has settled?

I did not attend the sessions as I have another child in year 1 and so assumed it would be the same, nevertheless I still think they are very helpful.

I would like to mention the wraparound care, which my child has not only found enjoyable, but enabled him to make friends from other year groups, which is great to see.

I'm neutral on the staggered start as my child was used to full days full time in pre-school already. Having had them all summer parents need to get back to work themselves! On another point I'm not always too sure what my child is learning & find all the different methods of communication difficult. I also felt the meet the teacher was a bit too soon for the first week, week two or three would be better thanks

I couldn't fault the introduction to school in any way. My child has had the absolute best start and the support for both parents and children has been phenomenal. The communication is brilliant and I feel that we are kept updated but also that we can approach any member of staff if needed.

I found the parents evening very useful as it helped in knowing what areas my child needed extra support. I have been very happy with my child's progress in reception class.

Thank you to all the parents who contributed to this survey.

Your views will be considered carefully and will lead to improvements in transition for reception children in the future.

If you have any concerns regarding your child and school, please make an appointment with Miss Platt or Mrs Walsh so that any problems may be addressed immediately. All responses to the survey have been anonymous and we are unable to deal with any issues regarding your child from comments unless they are brought directly to our attention.

Yours sincerely
