

14<sup>th</sup> May 2024

Dear Parents

## SPORTS WEEK – w/c 17<sup>th</sup> June 2024 – CAN YOU HELP WITH SPONSORSHIP?

For the sixteenth year running, we plan to offer the children as many exciting and new opportunities in sport and related activities during the above week, both on and off the school site.

Mrs Lewis has planned a wide and varied timetable including...

- 👉 BMX riding at the Manchester Velodrome
- 👉 Dance
- 👉 Golf
- 👉 Lacrosse
- 👉 Handball
- 👉 Music and Movement
- 👉 Winter sports at the Chill Factor
- 👉 Visits to tennis clubs
- 👉 Cricket club visits
- 👉 Bubble Football
- 👉 as well athletics, team building and so much more

Over their 7 years in our primary school, AECPS children will be able to experience an extensive range of different sports and sporting activities to inspire them all to engage with physical activity to promote physical fitness and mental health and well-being.

Unfortunately, activities like these (plus transport costs), do come at a price and the purpose of this letter to parents is to enquire as to whether anyone is able to sponsor this week in any way either personally or through their place of work. Any financial sponsorship would be really helpful to reduce the contribution from school and the parent body.

In previous years, we have been fortunate to have visits to school from professional athletes and sports personalities such as Kadena Cox (Para-Olympian) and Craig Heap (Commonwealth Gymnast) to inspire our children. We have also had talks from parents who work in the world of sport to share possible careers to consider. Do you know any anyone who would be willing/able to do a similar thing for a minimal or no charge?

If you would like to discuss this further do please drop me an email or make an appointment to meet with me.

Your support, as always, is greatly appreciated.

Kindest regards

Lindsey Walsh  
Headteacher
