Thank you to all the parents who contributed to this survey.

We had 87 responses and the information gained is useful in helping the school to know, and understand more, how our parent body feel about our school and the way we operate.

I was very pleased to read that the vast majority of parents surveyed believe that we are doing a good job and are generally pleased with how we are working as a school.

Your views will be considered carefully and will lead to improvements for children and their families in the future.

If you have any concerns regarding your child and school, please make an appointment with Miss Platt or Mrs Walsh so that any problems may be addressed immediately. All responses to the survey have been anonymous and we are unable to deal with any issues regarding your child from comments unless they are brought directly to our attention.

Yours sincerely

Lindsey Walsh
